The facility will provide courses in STEM and CTE. The new Renaissance Academy will primarily serve students throughout Monongalia County in grades 9-12, plus adult education programs and training.		

Total Estimated Project Cost (including Costs of Issuance):	\$159,440,000.00
Project Costs Funded by Other Sources, including, but not limited to, SBA Funds, and/or Federal, State, Local, Lease Purchase Obligation Proceeds, Private funds and/or other funds available to the Board:	\$16,800,000.00
Project Costs Funded by Bond Proceeds:	\$142,156,179.91
Estimated Costs of Issuance:	\$483,820.09
TOTAL PAR AMOUNT OF BONDS:	\$142,640,000.00

The amounts set forth above as "Total Par Amount of Bonds" for the Project includes the estimated capitalized interest and Costs of Issuance for the Bonds, which may be funded from the proceeds of the Bonds that would be issued in the aggregate principal amount of One Hundred Forty-Two Million Six Hundred Forty Thousand Dollars (\$142,640,000). The Board shall be authorized to pay such interest and/or Costs of Issuance from its general funds and/or from the proceeds of the Bonds, as the Board deems appropriate at the time such interest and/or Costs of Issuance are required to be paid.

The foregoing estimated Project Cost amounts include the costs of acquiring any necessary lands, sites and rights-of-way and easements, if necessary, to complete the Project, the payment of interest on the Bonds while the Project is under construction and up to six months thereafter, and any engineering and architectural costs, construction costs, including, but not limited to, construction manager fees and expenses, the cost of using county maintenance personnel, the costs of erecting, improving, equipping and furnishing the Project, the costs and estimated costs of the issuance of the Bonds, and such other costs, fees, and expenses as may be necessary and/or properly incurred in carrying out the Project. All Handicapped and E.S.S.I.A. Title 1 expenditures are subject to written approval by the West Virginia Department of Education.

The estimated Project Costs set forth above are based upon the estimates provided to the Board by its architects, engineers and other professional advisers, and the actual costs of completing the Project may vary due to circumstances beyond the reasonable control of the Board. To the extent the actual cost to complete the Project is greater or less than such estimates, the Board, in its reasonable discretion, may allocate and expend the available funds (including proceeds of the Bonds and other funds made available to the Board, including but not limited to School Building Authority of West Virginia grant funds and/or Federal, State, local, lease purchase, and/or private funds) to the Project as may be necessary to carry out the intent of this Order and for additions, renovations or other capital improvements to existing school facilities in the School District; provided however, that in any event, (i) the Board shall use its best efforts to first complete the Project described above and (ii) no Bond proceeds shall be used for the purpose of providing funds for the current expenses of the Board. If the proceeds of the Bonds and/or other amounts allocated for the above-stated purposes are insufficient to complete the Project, then the Board, in its discretion, shall adjust the scope of the Project to the extent necessary to complete the Project as approved by the voters of the School District. In the event the Board shall obtain additional money by grant or otherwise from the School Building Authority of West Virginia, the State or Federal government, or from any agency of either, or from any other source (including, without limitation, other funds available to the Board, lease purchase financing, and/or private funds) for use in the acquisition, designing, building, construction, equipping, furnishing and improvement of the Project, such additional money may be used either in substitution for or in addition to the proceeds of the sale of the Bonds proposed hereby, as may be determined by the Board and the granting body or agency, unless otherwise set forth in this Order.

The issuance of the Bonds may be subject to (a) the availability of other funds available to the Board (including School Building Authority of West Virginia funding or needs grants, other federal, state and/or local funding, lease purchase proceeds and/or private funding from any source or any combination thereof), in amounts sufficient, in the Board's reasonable discretion, to undertake and complete the Project, and (b) any and all other necessary actions, approvals and consents required by applicable law; provided, however, that any award of funds by the School Building Authority of West Virginia shall not be a condition precedent to the issuance of the Bonds.

If the voters of the School District approve the incurring of said debt and the issuance of said Bonds, the Board will lay annually upon the assessed valuation of all the taxable property within the School District an additional levy sufficient to provide funds for the payment of the annual interest upon the Bonds as such interest accrues semiannually and the principal of the Bonds at maturity, for which purposes a levy upon each \$100 valuation, based upon the last assessment of such property for State and County purposes, will be required as follows:

Upon Class I Property approximately	5.20 cents
Upon Class II Property approximately	10.40 cents
Upon Class III Property approximately	20.80 cents
Upon Class IV Property approximately	20.80 cents

For the avoidance of doubt, the levy rates set forth above are in addition to any other levies currently in place in the School District, including the levy in connection with the Board's outstanding Public School Refunding Bonds, Series 2019.
