The Monongalia County Commission, sitting as a Board of Canvassers, convened at 9:40 a.m. on Friday, June 6, 1980 in the Record Room of the County Clerk's Office at the Monongalia County Courthouse for the purpose of canvassing the returns of the June 3, 1980 Primary Election held in Monongalia County.

The following persons were present for such canvass:

Harry U. Howell, President - Board of Canvassers
 Richard E. Davies and Joseph E. Kun - Members
 Tom Jackson, Clerk - Monongalia County Commission
 Thelma J. Gibson, Chief Deputy Clerk
 Randy Powers, Deputy; Sharon LeMasters, Deputy; Delores Audia, Deputy.
 Tom Newbraugh - Candidate for Prosecuting Attorney
 Eugene Sellaro - Candidate for Prosecuting Attorney
 Andy Fusco, Charles Armistead - Representatives for Tom Newbraugh
 John Speers - Representative for Pat Hamilton
 John Rogers - Representative for Harley O. Staggers, Jr.

Harry Howell asked if there was any objection from anyone present as to his serving on the Board of Canvassers since he was a candidate. There were no objections made. He told persons present that they had the right to examine any or all election materials during the canvass if they so desired.

At this point, it was the unanimous decision of the Board of Canvassers to request that the County Clerk's Staff determine the number of challenged ballots cast in each precinct and to prepare a synopsis on the validity of each voter--to indicate on the outside of each challenged ballot envelope whether or not the voter was properly registered and in which precinct.

It was determined that there was a total of two hundred and forty-one (241) challenged ballots to be checked. Following is a list by precinct:

Mr. Charles Armistead appeared before the Board expressing his concern about the challenged ballots, which he said that he understood, would be delivered to the Board of Canvassers today by the Office of the Circuit Clerk. He said that he objected to any ballots being received from the Circuit Clerk's office as they should have been delivered to the various precincts, adding that this was his only purpose for appearing before the Board.

Mr. Howell said that in the past the Board of Canvassers had not allowed those ballots.

Mr. Armistead said that his objection would be to any absentee ballots being received as these should have been delivered to the various precincts. He presented an Attorney General's opinion and referred to page 16, paragraph 4 of such opinion which reads;

June 6, 1980

"Absent voter ballots received by a circuit clerk, but which were not received "in time to make" delivery of the same by the clerk to the election officials before the 7:30 p.m. poll-closing time on election day, are ballots which cannot be counted by any election officials, including the precinct election officials and/or the county court, sitting as a board of canvassers; the postmark thereon, even though being a postmark earlier than election day, gives no authority to any election official and lends no validity to the enclosed ballot. Accordingly, a county court is not authorized to count absent voter ballots which were received in the circuit clerk's office after the election, but postmarked prior to the day of election."

John Spears asked for the reference of the code to which he referred. Mr. Armistead added that this opinion was addressed to the Prosecuting Attorney of Kanawha County and signed by William F. Lockhart, Assistant to Chauncey H. Browning, Jr., Attorney General and that it dealt with the powers and duties of the County Commission sitting as a Board of Canvassers. WV Code 3-6-9, 3-6-10, 3-1-41, and others.

Mr. Howell said they would not be getting into the actual counting of ballots today and will not be examining any of the challenged ballots today.

Mr. Jackson, County Clerk, presented a set of Certificates of Results and tally sheets from Precinct No. 72 which had been spoiled and replaced by others. These were made a matter of record.

It was noted that on the certificate of results for Precinct No. 33 in the Democratic Congressional Race (Second District) two different results were reported for Pat A. Hamilton. The Certificate showed "Ninety-eight (8)" After comparing this certificate with the tally sheet, the board determined that the results should show ninety-eight (98) rather than the "8" which was picked up and entered on the computer; there, fore, increasing the total votes for Hamilton by ninety (90) votes.

At this time, the following challenged ballot envelopes were delivered to the Board of Canvassers by the Office of the Circuit Clerk:

Fifteen (15) envelopes containing challenged ballots which had been challenged by the circuit clerk

Seven (7) envelopes containing challenged ballots which had come in the mail too late to be delivered to the polling places.

The Canvass Board then proceeded to compare the number of poll tickets signed by the voter, (democrat, republican and independent) and the number of ballots cast (democrat, republican and school board ballots). The following is a list of results of the number of poll tickets and ballots cast by precinct:

The Board of Canvassers recessed at 1:30 p.m. and will reconvene on Monday, June 9, 1980 at 10:00 a.m.

MONDAY, JUNE 9, 1980

The Monongalia County Commission, sitting as a Board of Canvassers, reconvened at 10:05 a.m. on Monday, June 9, 1980 in the Record Room of the County Clerk's Office at the Monongalia County Courthouse for the purpose of continuing the canvass of the votes cast in the June 3, 1980 Primary Election held in Monongalia County. The following persons were present:

Harry U. Howell, President - Board of Canvassers
 Richard E. Davies and Joseph E. Kun - Members
 Tom Jackson, Clerk - Monongalia County Commission
 Thelma J. Gibson, Chief Deputy Clerk
 Sharon LeMasters, Deputy; Randy Powers, Deputy; and Delores Audia, Deputy
 Tom Newbraugh - Candidate for Prosecuting Attorney
 William Bunner - Representative for Eugene Sellaro

Barry Goldberg
J. Thearl Jamison - Representating Pat A. Hamilton

Harry Howell, President, called the meeting of the Board of Canvassers to order. The Board immediately proceeded to rule on the validity of the challenged ballots that were presented to the Board of Canvassers on Friday, June 6, 1980 by the Clerk of the Circuit Court. It was the decision of the Board of Canvassers that these ballots should have been taken to the various precincts rather than given to the Canvass Board. After considerable discussion concerning these ballots and checking of the WeVA\Stg Code, the Board ordered the County Clerk's Office to check out the individual ballot envelopes sealed in each of the fifteen (15) yellow envelopes to determine whether or not those persons are properly registered

At 10:55 a.m., a written request for recount of votes cast in the June 3, 1980 Election for the Office of Democrat Prosecuting Attorney was received by the Board of Canvassers from Thomas Newbraugh. Accompanying such request was a check in the amount of \$300.00 to cover bond set for such recount.

The Board then proceeded to make a determination, based on the synopsis prepared by the County Clerk's Office, on all challenged ballots cast in the June 3, 1980 Primary Election. It was noted that there were two (2) envelopes found in the election supplies containing ballots which had been delivered to the wrong precinct by the office of the circuit clerk.

The Board discussed at length the various ballots which should or should not be counted. It was their decision that those persons voting outside their proper precinct, except for precinct election workers, should not have their vote counted.

Based on this ruling, there were one hundred seventeen (117) regular ballots plus one (1) school board ballot to be counted.

There were one hundred twenty (120) challenged regular ballots plus some miscellaneous ballots that were disallowed by the Board.

The Board recessed at 11:45 a.m. to reconvene at 12:30 p.m.

MONDAY, JUNE 9, 1980
12:30 p.m.

The Monongalia County Commission, sitting as a Board of Canvassers, reconvened at 12:30 p.m. on Monday, June 9, 1980 in the Record Room of the Monongalia County Clerk's Office at the Monongalia County Courthouse for the purpose of continuing the canvass of the returns of the Primary Election held in Monongalia County on June 3, 1980. The following persons were present for such canvass:

Harry U. Howell, President - Monongalia County Board of Canvassers
Richard E. Davies and Joseph E. Kun, Members
Tom Jackson, Clerk - Monongalia County Commission
Thelma J. Gibson, Chief Deputy Clerk
Sharon LeMasters, Delores Audia, Randy Powers, Valena Powell, Deputy Clerks
Thomas Newbraugh and Eugene Sellaro, Candidates for the Office of Pros Attorney
George Armistead, Barry Goldberg, Andy Fusco, William Bunner

There was some discussion by the Board over the absentee voter not having placed the ballot envelope in the proper envelope before they were returned to the Circuit Clerk.

At that point, Eugene Sellaro said that he wanted to register an objection to the Board not counting the challenged absentee ballots.

Tom Newbraugh said that he concurred with the decision of the Board in not counting those ballots and sited, for the records, WV Code Hammond vs Hatfield as a basis for his concurrence.

Mr. Thearl Jamison asked the question as to how one envelope could be postmarked and another white envelope stapled to it not being postmarked. At that point, the Board requested that a representative from the Circuit Clerk's Office be called in to clarify the question of how these ballots arrived in the Circuit Clerk's Office.

Mr. Davies then said that he felt that if the absentee ballots were properly signed and sealed, they should be counted. It was the decision of the Board of Canvassers to count the absentee ballots challenged by the Circuit Clerk if the person was properly registered and had properly signed and sealed their ballot envelope.

At this point, there were some statements made by the candidates and others present as follows:

Eugene Sellaro commented as follows:

"As a democrat candidate for the Office of Prosecuting Attorney, regarding the challenged ballots not being counted today, earlier this morning, we are going to object to the Commission's not including those ballots as being counted because, No. 1) the county has set a precedent in prior elections that they do count every ballot that they possibly can--you have set a precedent. By failing to count the ones that you disallowed today, you are not being fair--especially in a contested race as hotly as this one is--so close. You have deprived certain citizens their right to vote, especially in the cases wherein someone is registered in one precinct and votes in another precinct. That person is legally and properly registered to vote in here and what you have done is deprive their right, their constitutional right, to vote in this election. I believe everywhere else in the state, even in this county heretofore, you have counted those ballots. What you are doing now is the closer the race becomes, you are forcing me or Mr. Newbraugh to make this a contested election, when in fact, you should be doing as much as you possibly can to make it a non-contested election. I think those persons who were properly registered and may have voted out of their precinct for whatever reason, should have their ballots counted. For example, if someone gets off work at 7:15 and he can't make it home from work in time or to his proper polling place and he stops at a place along the way, you said that he lost his right to vote. I think that's improper and I take exception to the Commission's ruling." Sellaro said, "Let me site WV Code section 3-1-41 regarding challenged voters and paragraph 3 of that entitles those persons voting outside of their precinct to have their vote counted in this primary election." "I, also, think that by your not counting the absentee challenged ballots, that that's a technical error contemplated by 3-1-41 and again those should also be counted."

Thomas Newbraugh commented as follows:

"Just briefly, I would say that my observation of the Board of Canvassers has complied with the law and that to do otherwise would be to base a decision on speculation and conjecture not before the Board of Canvassers and that they have tried to be consistent in all of their decisions and, instead of trying to arrive at or separate the acceptable excuses from those that are truly just excuses of laziness or convenience or whatever, that you have been consistent and I am in agreement with the policy adopted by the Board."

Mr. Howell said "The County Commission has acted in the manner in which we have been advised it was proper and legal for us to act. On the advice of the Prosecuting Attorney's Office, we have taken under advisement the various ballots that have been submitted to us for our consideration, the challenged ballots; and, on the advice of the Prosecuting Attorney's Office, we have acted according to his advice."

Andy Fusco, Prosecuting Attorney said "In regard to the advice given, we would note that the question of voting in or out of a precinct was never specifically addressed by me or my office as a legal issue but, I believe the Board of Canvassers has made that determination on its own based on its prior experience, but we can provide research if it is requested."

Eugene Sellaro said that "I think that if the people are properly registered, their vote should be counted. You are depriving them of their right to vote."

At that point, the Canvass Board determined that there was a total of twelve (12) absentee challenges which should be allowed; twenty-one (21) not accepted plus one (1) ballot in a white envelope that had been stapled to another envelope which will not be counted; three (3) ballots in white envelopes that were attached to the outside of yellow envelopes which are not to be counted; and four (4) Board of Education or School Board ballots that were not properly sealed inside yellow envelopes and therefore should not be counted. This brought the total challenged ballots to be counted to one hundred twenty-nine (129).

At this time, Mr. Sellaro offered to submit his request for a recount of votes cast in the June 3, 1980 Primary Election in the race for Democratic Prosecuting Attorney. Prosecuting Attorney, Andy Fusco, informed the County Commission that after the canvass is completed the Board must publicly declare the results of the election; however they shall not enter an order certifying such results for a period of 48 hours after such declaration and that within this 48 hour period, a candidate may demand a recount, adding that this would be the proper time to request such recount. He told the Board that in the event a recount is demanded, they shall have an additional 24 hours after the end of said 48-hour period, in which to send notice to all candidates who filed for the office in which a recount has been demanded, of the date, time and place where the Board will convene to commence the recount. Said recount shall be set for no sooner than three days after the serving of said notice. He added that the Board should return to Mr. Newbraugh his request for a recount and his check covering the \$300. bond required to be posted; then, upon public declaration of the results of such election, the recount should be requested at that time. He added that he could foresee no problem in the waiving of the additional 48 hour period and in the sending of notices since both

candidates in the Prosecuting Attorney race are in close contact with the Board of Canvassers and are raising no question as to the time of the recount and on the serving of notices.

At this point, the Board of Canvassers order that the County Clerk return to Mr. Thomas Newbraugh his original recount request and his bond deposit in the amount of \$300.00. This was returned to the candidate at that time.

The Board of Canvassers proceeded at this time to compare the votes entered on the Certificates of Results with the actual tally marks on each tally sheet.

The following discrepancies were found in checking of the Democrat tally sheets and certificates of results:

The Board of Canvassers recessed at 3:15 p.m. until Tuesday, June 10, 1980 at 10:00 a.m.

TUESDAY, JUNE 10, 1980

The Monongalia County Commission reconvened as a Board of Canvassers at 10:10 a.m. in the Record Room of the Monongalia County Clerk's Office for the purpose of continuing the canvass of elections returns for the June 3, 1980 Primary Election.

Present: Harry U. Howell, President - Board of Canvassers
Richard E. Davies and Joseph E. Kun - Members
Tom Jackson, Clerk - Monongalia County Commission
Thelma J. Gibson, Chief Deputy Clerk
Randy Powers, Valena Powell, Delores Audia - Deputy Clerks
Tom Newbraugh - Candidate for Prosecuting Attorney
Eugene Sellaro - Candidate for Prosecuting Attorney
Mike Magro, Raymond Yackel, Arthur Staley, George Armistead,
J. Thearl Jamison.

Mr. Howell asked all those persons present who wished to speak to state their name for the records.

The first to speak was Mike Magro, Jr., Attorney whose statements were as follows:

"I appear for Norma Sheets and Laura Sheets who live at 841 Sheldon Avenue, Morgantown, WV. They contend that they are legally registered voters of Monongalia County and they reside with their parents who have lived there for over 14 years. Their votes were challenged in that it wasn't the proper precinct for them to vote; although, their parents had voted at that precinct whom they reside with and are duly registered to vote there as I said, for a period of fourteen years. Their parents would of course be their mother who is married to James Coombs, and that they all live together at 841 Sheldon Avenue. Now it is my understanding that challenged votes of these types, with these particulars, are not going to be counted by this particular Board of Canvassers. Now, I want the record to disclose that this statute of this State is clear and unequivocal and I am quoting pretty much from the statute now omission and oversight on behalf of any election officials will not vicissiate or make invalid a ballot of a duly registered voter. So what I am saying is that it is not so important what can you put it in but the important feature is that you were duly registered down here. Now it is odd that in this particular situation that the parents have voted in one precinct that they lived with for fourteen years and there vote will not be counted at that precinct. So, Mr. Chairman, I want that noted for the record and I want it, also, noted that I made a strenuous objection to the position taken by this Board in not counting votes in that classification on that type of challenge. Also, I would like to say that while I recognize that this Board cannot take what they call extrinsic evidence, you don't hold hearings, but we have a law that is clear that intrinsic evidence, evidence that will be shown upon the face, and the ballot or poll ticket is not extrinsic and you look at that. So, in any case, where the matter of intrinsic or extrinsic comes up, I think this Board is obligated to open the packet, to look at the ballot, look at the back, determine the address and determine the signatures--that is not extrinsic evidence. This Board has that right."

Mr. Howell said that the Commission did discuss this this morning and this was one of the particular ones that was noted and that they had decided that they would ask the prosecuting attorneys office to provide a ruling on it at this time. He noted that the Prosecuting Attorney was not present at this time, but they would ask that he come down at this time and give them a ruling regarding this. He said that he felt that this needed to be looked into a little more and that the other two commissioners agreed that they needed to look into it and assure themselves that they are taking proper legal action at this point.

Mr. Magro said "In the event that there is equivocation on the part of the Prosecuting Attorneys Office, there may be a question of some conflict of interest in this, because the Prosecutor himself stated in the newspaper that he was, well he didn't want to be an assistant, but he was definitely backing Mr. Newbraugh. Now. Mr. Barone at the Attorney General's Office normally handles the election questions and he will not be in there until this afternoon so my suggestion if there is equivocation on the Prosecutor then certainly check with the attorney general."

Mr. Howell that they would ask the Prosecuting Attorney's Office to have a representative come down and they would direct this question to him. George Armistead was present but said that he would not do this as he was treasurer of Tom Newbraugh's campaign.

Mr. Jackson said that what we have here is at least some evidence that there may be a contested election and we would like for this record to be clear and would ask each one that is going to speak to come up so we could have it for our election record--very clearly.

J. Thearl Jamison at this time asked that it be noted that he is here as an observer for the canvassing of the election for Pat Hamilton, Candidate for Congress.

Raymond Yackel asked that the records show that he was here on behalf of Thomas Newbraugh. He commented as follows: "I understood that the Canvassers were meeting this morning and I thought I should bring to the attention of the Canvassers the West Virginia Supreme Court case which deals with the issue which you are going to be discussing this morning. I would like to present that to the Counsel. It's the case of Ellis vs County Court of Cabell County and it involves an election and involves challenged ballots and the case specifically held here that a voter must be registered and cast his ballot in the precinct in which he resides. That case is a 1969 West Virginia Supreme Court in mandatory terms and I would like to leave a copy of this case with the Commission. I am sure Mr. Fusco's office will be responding to your request promptly, but if any of the commission members would like to see this case prior to that time, I will leave that with you."

Eugene Sellaro then commented as follows: "My first request is that the Commission pick separate legal counsel other than the Prosecuting Attorney's Office because I don't think the Prosecutor's office can render a fair and impartial decision in any request here. I think you have to do one of two things, you can wait and consult with the attorney general or the Secretary of State's Office or hire separate counsel in these matters. I request that you not consider anything that Fusco or his office tell you because they are prejudice. Secondly, with me is Mr. Arthur Staley who is in the same position as the Sheets ladies that Mr. Magro just talked about. I would like to ask Mr. Staley to come forward and state his name for the record and tell you exactly what happened to him because what's happening here is the voters are suffering and not having their votes counted because of what may amount to clerical errors from the clerk's office and not necessarily the voter's problems. Those votes in my opinion should be counted. I think it is perfectly clear in the statute so I would ask Mr. Staley to come up here and state his name for the record and tell you all what happened to him."

Mr. Staley said "I am Arthur D. Staley. I live on the border line of Ridgedale and Browns Chapel. You registered me in 61, which I assumed was Brown's Chapel. That is where my parents always vote. I went down there and I asked them if this was Precinct 61. They said "NO" but that you could vote here on a challenged vote and that vote would count. So that is what I did. I voted and now it is not counting. I would very much like for it to count."

Eugene Sellaro said "For the record, I would like to have the opportunity to even before you begin to count, to inspect and write down the names of those persons whose ballots were challenged, the ones that you have rejected at this point."

Mr. Howell said that what the Commission is going to do is to proceed counting those ballots that do not have any question. The others that are in question, this afternoon the Commission would get in touch with the Attorney General's office and try to get some type of a ruling from these people. This is not going to truly affect that many votes. I don't think there is that many in there, but whatever the case may be, we are going to go ahead and proceed with the ones that there does not appear to be any question about.

Eugene asked that the Board tell him the classes of the challenged ballots that are not being counted. He said that we have absentee ballots that have been challenged, non-absentee ballots challenged, people voting in the wrong precinct, those who have not been registered, absentee ballots that came in late, and he was not sure the reason for not counting all of the ballots that are not being counted.

Mr. Kun asked him if he wanted that information before they started counting the challenged votes.

Eugene asked where he could get a statement of what they have not accepted and the reasons for not accepting certain groups; for example, he said that he thought that if a voter votes then he should be given every reasonable opportunity and that the burden should not be placed on him to prove that he has the right to vote; that his vote should automatically be counted unless there is some drastic or very obvious error. He said that he felt what has happened here is that the Board has turned that around and have said they were not counting those unless a person could prove otherwise.

Mr. Howell said they were in a position that they wanted to find out definitely and this is the reason they are considering contacting the attorney general's office. There is some question and they felt it should be resolved by someone in authority. Mr. Howell said the Board has not completely discounted these votes at this time. They may count them, they may not, depending on what they are told by the attorney general's office. The Board of Canvassers will rule after getting this information.

Eugene Sellaro then asked if he could have a list of what you have challenged and for what reason.

Mr. Howell said for the clerk to provide this list and to make such list available to Mr. Newbraugh also.

Mr. Jackson said he would do so, but he was not certain at this point whether they have a complete definition other than what was sent to the Board of Canvassers because the Clerk's Office has been deliberately discouraging their clerks from handling any ballots which are of course sealed at anytime during this canvass. He also commended the Board of Canvassers for their broad view because there are questions on both sides and it should be finally resolved not only for this county but for all the other 54 counties in the state because of the vague and grey areas involved.

Mr. Sellaro asked if he could have a ruling on whether the Board was going to continue to accept any ruling or any recommendations from the Prosecutor's Office.

Mr. Howell said that under the circumstances, they probably should go to the attorney generals office.

Mr. Sellaro said that even on the past cases, he thought one of their decisions was based on prior recommendation from the Prosecutors Office and he felt they should refer all questions, even those that have been entered, to the Attorney General's Office.

Mr. Howell said that was their intention.

Eugene said he thought there were seven (7) classes of challenged ballots at this point:

- 1) Persons living at the precinct but the clerk's office had them located incorrectly.
- 2) Persons voting in adjacent precinct, the boundary line was close
- 3) Persons voting in the same magistrial district with the same ballot
- 4) Those with minor irregularities on absentees
- 5) Persons voting outside the magistrial or senatorial district
- 6) Unseals ballots
- 7) Unregistered voters

He said that he was sure the latter three could not be counted, but felt the first four could be.

Mr. Jackson asked again what the clerk's office were to note and what they should be looking for here.

Mr. Howell asked Eugene to give to the clerk's office the information requested.

At this point, Raymond Yackel representing Thomas Newbraugh, commented as follows: "There is a WV Supreme Court decision of 1949 called Baumgardner vs Mills, the citation on that is 132 WV at page 58. In that case, they deal with ballots that challenged--ballots that are not signed by the poll workers. They reject that. In that page, 597, it states "This court has held numerous cases that these statutory provisions are mandatory and that ballots which are not signed by the poll clerks in the manner required by the statute are void and should not be counted" Then if you go down to page 598 at the bottom. It should, also, be observed that a separate statutory provision deals with ballots of challenged voters and declares that such ballots be not endorsed by the poll clerks. On behalf oc Candidate Newbraugh, we would be asking that the challenged ballots that are signed on the back by the poll clerks be not counted by this Board of Canvassers. This is in violation of the statute and the West Virginia law regarding challenged ballots.

It was noted that there were challenged ballots as follows:

Democrat	20 signed - 38 unsigned - total 58
Republican	31 signed - 36 unsigned - total 67
School Board	53 signed - 70 unsigned - total 123

Mr. Davies moved that those ballots which were signed by the poll clerks and those that were not signed by the poll clerks be tallied on separate tally sheets. This was unanimously approved and carried.

At this time, Mr. Jackson noted that the Board of Canvassers had at 11:10 a.m. received a request for a recount, with a check attached in the amount of \$300.00 from Eugene Sellaro.

Thomas Newbraugh, at this time, submitted his request for a recount and enclosed his check in the amount of \$300.00.

These requests were filed with the Board of Canvassers records.

Canvass of Elections Returns - June 3, 1980 Primary Election

At this point, Tom Jackson informed the Board of Canvassers that he had alerted the Attorney General's Office that the Canvass Board of Monongalia County would be calling the attorney general's office in the afternoon and that if anyone had any question, other than what they had in the record, to please have those questions ready.

The Board of Canvassers proceeded to count those challenged ballots which were not signed by the poll clerks on election day.

The Board recessed at 12:20 pm to reconvene at 1:00 p.m.

Tuesday, June 10, 1980
1:00 p.m.

The Monongalia county Commission reconvened as a Board of Canvassers at 1:00 p.m. in the Record Room of the Monongalia County Clerk's Office for the purpose of continuing the canvass of election returns for the June 3, 1980 Primary Election.

Present: Harry U. Howell, President - Board of Canvassers
Richard E. Davies and Joseph E. Kun - Members
Tom Jackson, Clerk - Monongalia County Commission
Thelma J. Gibson, Chief Deputy Clerk
Randy Powers, Valena Powell, Sharon LeMasters, Delores Audia, Deputy Clerks
Tom Newbraugh - Candidate for Prosecuting Attorney
Eugene Sellaro - Candidate for Prosecuting Attorney
Raymond Yackel
William Bunner

The Board of Canvassers, immediately upon reconvening, moved to the County Commission meeting room in order to make a telephone call to the Attorney General's Office for the purpose of requesting information. They talked with Mr. Varon, Deputy Attorney General.

Mr. Howell told him they were in the process of conducting the canvass of the ballots and the challenged ballots today. He said that two questions had come up and they would like for him to give them some opinion on them. The first question there were some challenged ballots which had been signed by the poll workers--approximately one-half of the challenged ballots. He asked whether or not the Board could count those ballots. Should the Canvass Board deny the voter the right of having his vote counted because the clerks signed the back of the ballots. Mr. Varone said that he thought he knew the answer to that question, but he would like to confer with the Secretary of States Office first; that way, they would be together on what they did answer.

Mr. Jackson told him that this election has been close in only one race and it concerns the Prosecuting Attorney's Office in Morgantown.

Mr. Howell said that was their reason for going directly to the Attorney General's Office at this point rather than to the Prosecuting Attorney as one of the candidates was an assistant to the prosecuting attorney and the question was raised as to whether or now he could render a fair decision and rather than go through the hassel, they decided to go directly to the attorney general's office.

The second question is--In about 5 or 6 cases where people were residing in the same residence--in some cases a married couple and in some cases the children and parents living in a home, in the process of registering these people, there were some mistakes made or the fact that they didn't give the person registering them the proper information and they were placed in another precinct other than the one their parents or the people living in the same house were assigned to vote in. He added that they were aware of this in some cases and have facts to back it up. He asked if they could count these votes knowing that this person has been misplaced in the wrong precinct whether it was the fault of the clerk's office or whether they gave the wrong information. We have a few of these.

Mr. Barone said he would talk with Mr. Harrington from the Secretary of State's Office and try to get back to the Board as soon as they can.

At this time, there were other questions directed as follows:

Eugene Sellaro - "Not only do we have the question of voters legally registered and living in the same household as parents or wife but assigned to a different precinct, we have a question if a voter is legally and correctly registered but does happen to vote out of his own precinct, is that contemplated within 3-1-41 of the Code; in fact, are they allowed to have their vote counted? Because of that Code section, I think, paragraph 3, they are a registered voter. Just because they happen to vote out of their designated precinct, does that disenfranchise them from voting?

Should the Code be construed, the election laws be construed as such to give every voter the greatest opportunity to have his vote counted. I think maybe that's the question here when we're talking about those persons who have registered in one precinct and happened to have voted out of that particular precinct. "

Ray Yackel commented "We feel that the question that was raised by Mr. Sellaro is controled by the case State vs Cabell County Court and the site on that would be 153 West Virginia 45 specifically referring to pages 51 and 52. It is a 1969 Supreme Court Decision where the supreme court said that the voter must be registered and cast his ballot in the precinct in which he resides. So we feel that we wanted to give you that information in relation to that question."

William Bunner commented: "We have a number of people here - we had the six which we know of which were definitely residing within the precinct and were listed in the clerk's office as voting in another precinct. We have that extrinsic evidence; one for example came forward today. We had a number of other persons, approximately 20 in number, who voted in an adjacent precinct; and, we can't tell from the evidence at hand just where their place of residence might be and some of these, in each one of these cases, all of these people were in the same magistrial fistrict and the same senatorial district but they in immediately contiguous precincts. But we don't have any idea if they actually voted in the precinct of their domocile or whether they were voting in a precinct that they had been located in previously or just what the situtation is."

Mr. Barone said that as he recalled in the case law that is a matter that the Board of Canvassers can't get into. Are you talking about the challenged ballots themselves?

Mr. Bunner said yes, that is correct.

Mr. Jackson told Mr. Barone that they had brought their questions to him because they had attorneys that differ on the law and there is some grey areas involved. He said that "what wer are striving to do here in addition to making a disposition of Monongalia County's problems is hopefully bring this to the attention of the Attorney General, Secretary of State and all those other persons involved so that we might have a substantial and final ruling which would be uniform throughout the State of West Virginia."

Mr. Barone said as he had indicated before, he is guessing that the Secretary of State's Office has already fielded questions similar to some or all of the ones which we have here and the attorney general's office seldom gets into questions on challenged ballots. Usually they are fielded by the Secretary of State. He said the Attorney General's Office gets into the election laws more in the eligiblity of candidates more than anything else. The actual election day canvass of voting and the challenged ballot questions, they come into infrequently. He said that he gets the impression that there is a possibility of litigation in the background of all of this and he pointed out that the policy of their office has always been to refrain from issuing official opinions in any instances of eminent litigation because for one thing, it simply tends to offend the courts. They get the impression that they are trying to intrude upon their functions and secondly it is a waste of time because the issuance of the opinion solves nothing. If the person disagrees with it, it goes to court anyway. If there is a good possibility of litigation, the only thing the attorney general can do for you is give you some information comment and even though it may have to be directed through the Secretary of State. He said this gets them into the separation of powers question where they are being asked to serve as a court and they customarily refrain from doing that.

Mr. Jackson said that he appreciated that because the next step would be a contested election. He said that basically when he suggested contacting the Attorney General's Office was to use whatever means that office and the Secretary of State would have to indicated to the legislature that there might be need for more clear legislation. He said that he knew that we were really dumping a load on their office.

Mr. Barone said they were getting so many questions from all the counties that it is going to be difficult for them and they couldn't write on all of them and the best they could do is give telephone advice in these situations. He said that before he said anymore, he would talk with the Secretary of State's Office and see how many of these questions they could answer without doing a great deal of research. If the Secretary of State, in his function as Chief Election Official, and they take a position on the questions, other questions, if he sees that they are in such a grey area that there are two legitimate sides that should be argued out in Court, if it comes to that, and if it affects a particular race to that extent, then he would have to refrain from saying anything because of what he has already said about intruding upon the Court's functions. He said that he would get with the Secretary of State and then get back.

Eugene Sellaro said that he had one more questions as follows: "An absentee ballot that comes in from the Clerk's Office and the voter has failed to sign his name across the envelope, should that disqualify that vote or should that vote be allowed according to 3-1-41."

Mr. Barone said that he was sure that this was a question that the Secretary of State had heard before and that would be a matter of finding out how he ruled on that.

Mr. Newbraugh said that he thought in the 1972 Attorney General's opinion that it addressed this issue also.

Mr. Jackson told Mr. Barone said that he appreciated him facing this situation as he had done.

The Board of Canvassers immediately moved from the Commission meeting room to the Record Room of the County Clerk's Office.

The Board recessed at 2:30 p.m. to reconvene at 1:00 p.m., Wednesday, June 11, 1980.

The Monongalia County Commission reconvened as a Board of Canvassers at 1:07 p.m. on Wednesday June 3, 1980 in the Record Room of the Monongalia County Clerk's Office for the purpose of continuing the canvass of votes cast in the June 3, 1980 Primary Election:

Harry Howell called the meeting to order and asked Mr. Jackson to provide the board with the answers that was asked of the Attorney General's Office and the Secretary of State's Office on Tuesday, June 10, 1980 in reference to the various ballots to be counted.

Mr. Jackson commented as follows: "I spoke with Mr. A. James Manchin who said he was working in closed conjunction with the Attorney General's Office and would be glad to answer any questions that are involved in the canvass of ballots in Monongalia County. One of the questions concerns the challenged ballots that was signed on the back by the Clerks of election, and Mr. Manchin's judgment was that these ballots should be counted. If there were any ballots cast where the responsibility of lack of judgment was not the voters but was in reality a fault of the clerk's office or the poll clerk's of election, those ballots should be counted!"

Mr. Howell asked if he was referring to those people who voted out of their precinct?

Mr. Jackson said that he thought it was a little broader than that. Maybe they were placed in a wrong precinct for one reason or another. There is a distinction there. If a person deliberately went to a polling place knowing they were in the wrong precinct and insisted on voting, then those ballots should not be counted."

Mr. Howell said that Mr. Kun had posed a question "Suppose this person voted in a precinct that was outside their magistrial district or their state senatorial district." Was that question addressed?

Mr. Jackson said it was not. He said that Mr. Manchin said that he would be standing by today because they had questions from many other counties and he would be available for additional questions.

Mr. Howell said that one question, About voting outside the magistrial or senatorial district, should be asked.

Mr. Jackson said that one of the questions was absentee ballots delivered to the wrong precinct by the Circuit Clerk. Mr. Howell said that these should be allowed and were counted. Mr. Jackson said that it was Mr. Manchin's suggestion and judgment that we should count those. He said that this concluded all the questions they had and they could call Mr. Manchin back if there were further complications. Mr. Howell said the absentee ballots that were unsigned, should these be counted. Mr. Jackson said they had not asked that question.

Mr. Jackson said "We had suggestions and quotes of various passages of law from many sources and congratulated the Board of Canvassers for being as lenient as possible and also reminded everyone present of what we really have." "We have 17,000 voters that cast ballots. It comes down to special legislation for those poll workers to permit their ballots to be cast. We have very very few ballots that are in question, so I am officially happy that we are taking the time to examine these ballots with the best advice available because we have to, also, keep in mind here that by not making a surveillance of these ballots that we may encourage further fraud or some irregularity in election because of the fact that if a person votes a challenged ballot and then go to their proper precinct and vote; thereby, vote more than once. The only way you would have opportunity to check that type of activity would be go to the poll slips. I think the public should recognize here that we are doing the very best job we possibly can and there may have been a slight reflection that the board of canvassers weren't up on the law and knew themselves what they were doing or this office doesn't, but I think that we do know as much about any part of it as anybody sitting here and that we are just trying to be as generous as we possibly can and still determine a true and accurate election."

Eugene Sellaro said that he thought of all the questions that they asked were to be determined and answered as to what they could and what they could not count. He said that the way it got back to him, the way it was on the radio and what Commissioner Howell called and said "this is what they determined that should not be counted." He added, "of all the questions, that we asked, we must have asked ten questions, voters that weren't registered, there is no problem with that--they cannot be counted; then we have those ballots that came in envelopes that were received and were opened. I can't argue with that. They should not be counted. The third classification were those who voted an incorrect party ticket. Did they mention any of this other stuff from the questions that we asked them yesterday?"

Harry Howell said that Mr. Jackson did discuss it but that he did not know whether or not they addressed the other questions that Mr. Sellaro asked. He said they addressed the two questions that the Board of Canvassers had specifically asked--those two questions being about the people who had voted a challenged ballot that had been signed on the back, contrary to what the law says it's supposed to be, adding that it is his understanding that they said to count them; and the other question asked was whether or not people who for some reason or another were assigned to the wrong precinct, should have their votes counted, adding that he understood the reply to that question was that anyone who has properly registered and, even though they had voted in another precinct--meaning that they have gone to the wrong precinct, not deliberately that their vote should be counted. He said he thought Mr. Sellaro himself had suggested this as one of the questions. He said that this looked like, as the board reads it, that it covers basically everybody that is in question at this point. That is, people not registered, people who voted at uncorrected precincts, envelopes that the board received that were opened, and those who voted incorrect party tickets. He said this took care of those people in question that they were talking about.

Mr. Sellaro asked "What about the challenged absentees, are you going to count those?"

Mr. Howell said they had rejected those for specific reasons. Some of them were not in the proper envelope and could have been tampered with. The ones that were in a proper envelope, the brown colored envelope.

Mr. Sellaro asked "What about the ones that were not signed?"

Mr. Howell said they had only accepted or considered those that were signed. Those that were not signed, as far as the board is concerned, had already decided not to count these.

Mr. Sellaro said yes, but they had asked that question.

Mr. Howell said what they were going to ask Mr. Jackson to do, advising everyone present that they could go to the same place, and ask those questions which they needed answered. Those questions being:

- 1) Those absentee ballots that were received unsigned on the face by the voter and
- 2) Those people voting outside their magistral or senatorial district.

Mr. Newbraugh said that he wanted some clarification. He asked if they were saying that the Attorney General said or the Secretary of State said that people who voted in precincts other than the precincts in which they were registered should be counted. He asked how this board of canvassers were going to determine whether it was through an error of the board of canvassers or intentionally or mistakenly? He said that they were assuming or speculating.

Mr. Howell said that he thought he was getting technical adding that they were trying to conduct this canvass and trying to assure themselves that everybody's vote is counted--in as far as possible.

Mr. Newbraugh continued that unless they had some concrete data that it was a clerical error,-- they have no way in sitting here or knowing if it was a clerical error or whatever.

Eugene Sellaro said "The answer~~is~~, I think, clarify that point. If a person is legally registered in Monongalia County, but voted outside of his precinct and is properly registered--not necessarily in that precinct--his vote is to be counted."

Mr. Howell said that he did not interpret it that way, adding that they would not move until this question is resolved. He asked Mr. Jackson if he could get hold of the Secretary of State on the conference phone--adding that Mr. Newbraugh contends that the ballots of the people who voted in the wrong precinct--the ruling is not clear.

Mr. Howell asked if there was any questions on ballots which were signed on the back and not supposed to be signed.

Eugene Sellaro said that Mr. Newbraugh objected to that yesterday and he thought if there is a technical problem with counting those ballots--persons who voted outside their precinct, he objected to the board counting those 20 ballots that were signed on the back.

Mr. Howell said they were going to move to the commission office to place a call to the Secretary of State's Office at this point. He said that he would direct the questions to the Secretary of State trying to make them clear. He asked if there were any other questions that should be addressed at this point. He said that the Board was only concerned with certain questions here. If anyone present had a question they would like to ask the Board then if they thought it was pertinent, they would then ask it of the Secretary of State as a Board of Canvassers. He said they would not let everyone ask a question. They would ask all questions as a Board.

Eugene asked what they were going to ask.

Mr. Howell said:

- 1) Reaffirm whether or not those challenged ballots that were signed on the back should be counted.
- 2) Where people who voted out of their precinct, whether those votes should count if there was some reason why there could have possibly been an error and it can be determined from the Clerk's Office that there was an error made, whether those should be counted.
- 3) Whether or not those ballots that are unsigned on the face--I am talking about those absentee ballots that were unsigned on the face--whether or not they should be counted.
- 4) Whether or not a person, if the number 2 question is permissible, if they voted outside the magistrial or senatorial district in being permitted to have their vote count, whether or not those should be counted.
- 5) People who are properly registered in Monongalia County, whether or not they should have the right to vote in any precinct.

Mr. Howell said that whatever answer they get from the Secretary of State would be used to guide them from this point on, adding that it would leave it open to be pursued in other legal courses if they didn't do the proper thing. He said they would not have any further argument on the question. It would be decided here and now adding that their reason for this is that the Secretary of State is the Chief Election Official and they must be bound by someone in higher authority and they are accepting his authority as that authority. At that point, he said they would proceed and go downstairs and if the votes are to be counted, they would count the votes and immediately go into the recount, and proceed with the election as they knew it should be done.

At this point, Mr. Jackson placed a call to Mr. A. James Manchin, Secretary of State on behalf of the Board of Canvassers.

Mr. Manchin said that he was delighted to have the opportunity to visit with his many friends in Monongalia County and was prepared to work with them in any way possible to make sure the ends of justice are properly met.

Mr. Howell told Mr. Manchin that they had approximately five (5) questions that have come up during the race for Prosecuting Attorney. The race is very close and the questions are very important to the two candidates.

He said the first question deals with challenged ballots. These ballots, some of them were signed on the back and some were not. The question is whether or not these challenged ballots that were signed on the back should be counted.

Mr. Mansion's reply was "We have discussed this with the Attorney General and we have searched out the law and we see no reason why those ballots should not be counted."

Mr. Howell said these ballots were signed by the poll workers--just so he would know who signed them.

Mr. Mansion said "we will count each one of those ballots whether they were signed or not." Is there any discussion there?"

Mr. Howell said they were clear on this one.

The second question Mr. Howell asked dealt with votes that were absentee ballots and some of these were delivered to the Board of Canvassers and were not signed by the voter on the face of the envelope where it calls for their signature.

Mr. Mansion said "In the absence of any fraud or any intentions of wrong doing, we see no reason why those challenged ballots should not also be counted. Those should be counted also."

Mr. Howell said this was clear.

The next question deals with the ballots of people voting in the wrong precinct in the County. There are several reasons for this--one is that possibly they were assigned to the wrong precinct; others we have were people who have deliberately voted in the wrong precinct.

Mr. Mansion said "In the case where there has been some election official who gave information to the voter that was not correct and they were assigned to the wrong precinct and they voted in that precinct, no voter should be jeopardized from his right to vote because some official made a mistake. So those votes should also be counted. Because it is no fault of the voter whatsoever. It was a mistake on the part of election official so there is no reason why that voter should be disenfranchised. So you will count those votes; however, in the case where an individual deliberately voted in a wrong precinct when he knew that he was not in that precinct just as a matter of convenience, then it is very clear--there was a Supreme Court decision which specifies very carefully that those challenged votes should not be counted.

Mr. Howell said he understood that now and asked in what manner they would acquire the necessary evidence or the necessary information to assure themselves that this person could possibly have been assigned to the wrong precinct. He said they had a case for instance of a husband and wife with the same address--one of them being assigned to one precinct and one to another. He asked if they could, at this point, acting as a Board of Canvassers, assume that one of these were assigned to the wrong precinct and permit their vote to be counted.

Mr. Mansion said that "In the interest of justice, if they are husband and wife, it would naturally follow that there was a mistake and that both of those votes should be counted."

Mr. Howell said another question goes back to the question of finding out whether or not this person basically or not had been assigned to the wrong precinct. The question is "whether or not, if this is a man a wife--and we, also, have a case of a son living with his parents--the parents voted in one precinct and the son was assigned to another precinct, we need to know if we can gather this information from the records of the County Clerk, can we use this to determine whether or not they are eligible to have their vote counted?"

Mr. Mansion said "Absolutely--that is the proper place in which to gather the necessary evidence. What we are concerned with there are many technicalities that we must deal with. But we want to make sure that no technicalities stand in the way of counting a persons vote. No one should be disfranchised because of a technicality unless it is specifically stated in a supreme court decision or the law. So please--I implore each one of you present there today to make sure that every doubt is resolved in favor of that individual who is the most precious thing to us all--the voter."

Mr. Howell said the next question deals with a voter who happens to vote outside their magistrial district or their senatorial district. The County is divided into senatorial districts.

Canvass of Election Returns - June 3, 1980 Primary Election

Mr. Mansion asked "Are you saying that an individual voted outside of his senatorial district but still voted in the County?"

Mr. Howell said that was true--the Senatorial district cuts through about one-third of Monongalia County.

Mr. Mansion asked if there was any question about who the individual voted for--Senator in this case?

Mr. Howell said that would not be a question in this case. It would only deal with the County office--particularly with the Prosecuting Attorney race.

Mr. Mansion said "I see no reason why that person's vote should not be counted."

Mr. Howell said his last question was "If a voter votes outside his precinct, should his vote be counted.? What we are talking about here is if a voter is registered in Monongalia County and votes in some other precinct other than the one he is registered in, should his vote be counted."

Mr. Mansion said "Let me preface that statement with this remark "If the person is a poll worker, by law they have a right to vote outside of their precinct. Is someone just deliberately goes to another precinct and votes knowing that it is not his precinct, the Supreme Court decision very clearly says that that person's vote should not be counted. In the case where there is a mistake by a public official, then that vote should be counted."

Mr. Howell said that they did understand that the Board is to determine from the records of the County Clerk that if there is any question where a person lives and they live with someone who has been assigned to another precinct, then we would have to assume that it was a mistake on the part of someone in the clerk's office or someone who assigned them originally.

Mr. Mansion said "Wherever there is a clerical, please do not jeopardize the voter's opportunity to speak. If there is an error on the part of the clerk, then certainly it is not the fault of the voter." Mr. Mansion added that he would say to each one of the members of the Board of Canvassers "I have no reason to believe that you are not all honorable, distinguished people. You want to see that justice prevails, but if there is any doubt in your mind and in the absence of any law or any decision, please decide in favor of the voter--not thinking of personalities, not thinking of candidates but if the intention of that voter is clear what he wants to do, then that intention should be respected. That is the way that we should always conduct any election. " He thanked each one for the opportunity to visit with them and said that any time he could be helpful "Welcome is on my door."

He added "The Board of Canvassers has the responsibility if anyone is unhappy or dissatisfied with what the Board of Canvassers decides then they have a right to take it to Court. Please do not get in a heated debate and argument because no justice will be served in this instance. If it is a close race, you remember now that after the official canvass is declared by the Board of Canvassers, then there is a 48-hour period in which to ask for a recount. From the time the official results of the Board of Canvassers are issued, there is a 48-hour period to offer a recount; then whoever asks for a recount must put up the bonafied bond of \$300.00. So if anybody is unhappy, they have a recourse, but the Board of Canvass must make the decision as they see fit and deem necessary. "

Mr. Howell at this point stated "We will not accept any argument at this point on any action."

The Board of Canvassers then returned to the Record Room of the Monongalia County Clerk's Office to proceed with the canvass of the election returns.

They proceeded to make a determination and consider individually each of the challenged ballots that they had not decided to allow up to this point--the ones which had originally been disallowed..

The Board separated the challenged ballot envelopes by party affiliation. They ruled to allow twenty-eight (28) and disallow eighteen (18) democratic challenged ballots. Of the eighteen disallowed, one envelope contained a School Board ballot of an independent voter. Eugene Sellaro objected to all eighteen ballots disallowed and Thomas Newbraugh objected to all twenty-eight ballots allowed -- Newbraugh's reason being based on speculation only.

Mr. Howell stated that the Board is rejecting any ballots that are in envelopes that are not sealed.

Of the 120 Challenged ballots that the Board had originally decided to disallow there were: 49 not registered; 11 envelopes not seals; 1 envelope with the ballot paper clipped to the outside; 5 miscellaneous democrat ballots; 1 miscellaneous republican ballot and 6 miscellaneous school board ballots that were not put into challenged ballot envelopes; 1 envelope containing a democrat ballot which was voted by an independent voter (which was also opened). These ballots were immediately ruled not to be counted by the Board of Canvassers.

There were 40 other challenged ballots considered by the board and were allowed or disallowed for the following reasons:

At this point Eugene Sellaro objected to those ballots that were rejected based on proper registration and the Secretary of State's comments today that if the voter is properly registered should have the benefit of the doubt. His vote should be counted in all cases and the Commission, by not accepting those ballots has decided to disenfranchise those voters that they have rejected.

Tom Newbraugh objected to all of the votes that the Board of Canvassers has decided to accept because it is clear from consultation with the Secretary of State and it is clear from the case law that the Secretary of State had in front of him that if a voter does not vote in his precinct, his vote is not to be counted. The only exception being poll workers and those arising out of clerical error in the Clerk's office and the Clerk's office being the only source of information that the Canvassers can go to to determine if, in fact, there has been an error. Not once during these proceedings, or very rarely during these proceedings, has the Board of Canvassers consulted the Clerk's records and the vast majority of those they have decided to accept were based on speculation and their own rule that if a precinct were side by side, there were some doubt, they speculated that there might be some mistake and that was a speculation. It is obviously contrary to the law and he took objection to those technicalities.

Eugene Sellaro said that he would like to say that by not counting those ballots which have been rejected, the Commission has speculated that the voter deliberately did an improper act and they are not giving the voter the benefit of the doubt.

At 3:15 p.m., the Board of Canvassers proceed to open and count those Democrat challenged ballots which were allowed by the board. Mr. Davies said that he would like to make a statement as follows: "There are very few errors which have been found by this Canvassing Board on the part of the County Clerk's Office and his staff." Mr. Howell said that he thought it was well noted and added that he thought it should be noted too that there were very few mistakes on the part of the poll workers and, considering the number of thousands of votes that were counted on election night and under the conditions they were counted, that it speaks well for the poll workers and also for the clerk's office that they haven't found many more mistakes than what they have.

The democrat challenged ballots were then opened and placed face down, tallied and added to the totals for each individual candidate.

There were then twenty-eight school board ballots tallied and added to the totals for each individual candidate.

The Board of Canvassers then proceeded to rule on twelve (12) challenged republican ballots which had previously been disallowed: Results are as follows:

ALLOWED

Registered in 4 - Voted in 81
Registered in 39 - voted in 84
Registered in 62 - voted in 61

Registered in 36 - voted in 37
Registered in 61 - voted in 62
Registered in 55 - voted in 56

DISALLOWED

Registered in 58 - voted in 84
Registered in 36 - voted in 17
Registered Republican - voted Democrat

Registered in 77 - voted in 87
Registered in 68 - voted in 25
Registered Republican - voted Democrat

Those ballots which were allowed were then opened, placed face down and tallied and added to the individual totals for each candidate.

The Board then proceed to rule in fifteen (15) Absentee Challenged Ballots which were challenged by the Circuit Clerk.

Seven (7) were disallowed because it is not known whether the voter placed his ballot in the proper envelopes. They were not in the proper envelopes (filled out by the voter when they were handed to the Board of Canvassers.)

One (1) was disallowed because if came to the Board of Canvassers opened.

Eight (8) were disallowed because they were not registered.

There were twelve (12) other challenged ballots which were challenged by the Circuit Clerk which were ruled acceptable by the Board of Canvassers. Of these twelve allowed there were eight (8) Republican ballots and four (4) Democrat ballots which were tallied and added to the totals. Results of said election were publicly declared by the Monongalia County Board of Canvassers.

The Board of Canvassers recessed at 5:00 p.m. to reconvene at 9:30 a.m. on Thursday, June 12, 1980., at which time the recount for votes cast in the Prosecuting Attorney race will begin.

Thursday, June 12, 1980
9:30 a.m.

The Monongalia County Commission, sitting as a Board of Canvassers, convened in the Record Room of the County Clerk's Office for the purpose of conducting a recount of votes cast for the Democratic candidates for the Office of Prosecuting Attorney of Monongalia County. This recount will be conducted as a result of the requests for recount received by the Board from Eugene Sellaro and Thomas Newbraugh.

Present: Harry Howell, President - Monongalia County Board of Canvassers
Richard E. Davies and Joseph E. Kun - Members
Tom Jackson, Clerk-Monongalia County Commission
Thelma J. Gibson - Chief Deputy Clerk
Sharon LeMasters, Randy Powers, Valena Powell, Cecelia Scudiere,
Delores Augia - Clerks
Eugene Sellaro and Thomas Newbraugh - Candidates
Ray Yackel - Representative for Thomas Newbraugh
John Scotchel - Representative for Eugene Sellaro

Mr. Howell called the meeting to order.

Eugene Sellaro immediately asked the Board of Canvassers for the number of challenged ballots, challenged absentee ballots opened. I would like to know where and when they were opened if they can. In fact, investigate and determine when and who opened those ballots. There are some problems there that haven't been answered.

Mr. Howell said that he didn't think any of the ballots had been opened. He said that he didn't think they had been sealed, adding that there was no evidence of them being sealed at all. Rather than them being opened after being sealed, there was no evidence of them being sealed.

Eugene Sellaro said that one of the ballots didn't appear anywhere. There was one ballot that wasn't counted saying that both of those people had registered at the same time.

Third, he said that he had some problems with Mr. Davies having run against him prior to this time; thus, he requested that he not serve as a counter and that the Commission rule on this.

Mr. Howell said that as much as the others will be with him, he felt that it was proper that he serve and that if there was any objection, it should have been noted in the beginning of the canvass. He told Mr. Sellaro that any question he had regarding a ballot, he had the right to look at it.

Canvass of Election Returns - June 3, 1980 Primary Election
Thursday, June 12, 1980 (continued)

The recount of votes cast for the race of Prosecuting Attorney in the June 3, 1980 was then begun. The Board counted the first forty-three (43) precincts with the following discrepancies being noted:

The Board of Canvassers recessed at 3:05 p.m. to reconvene on Monday, June 16, 1980 at 1:00 p.m. for the purpose of continuing the recount of votes cast in the race for Prosecuting Attorney.

Monday, June 16, 1980
1:00 p.m.

The Monongalia County Commissioners reconvened as a Board of Canvassers at 1:00 p.m. in the Record Room of the Monongalia County Clerk's Office for the purpose of continuing the recount of votes cast in the race for Prosecuting Attorney in the June 3, 1980 Primary Election.

The following persons were present:

Harry Howell, President - Monongalia County Board of Canvassers
Richard E. Davies and Joseph E. Kun, Members
Tom Jackson, Clerk - Monongalia County Commission
Thelma J. Gibson - Chief Deputy Clerk
Sharon LeMasters, Delores Audia, Valena Powell, Cecelia Scudiere, Kelly May,
Gary Shay, Clerks - Emma Angotti, Marvin Drvar, Assistants
Thomas Newbraugh and Eugene Sellaro, Candidates
George Armistead and Ray Yackel - Observers for Thomas Newbraugh

At 1:15 p.m., Harry Howell and Tom Jackson accompanied the clerks and assistants to the lower vault for the purpose of opening the vault and removing the ballots to bring them to the record room for recounting.

The ballot envelopes containing the ballots which had been sealed at the canvass were then opened and the votes for the Democrat Race for Prosecuting Attorney were recounted. Precinct No. 44 through Precinct No. 90 were recounted and the following changes were noted:

At 3:30 p.m., Harry Howell, President of Monongalia County Commission, acting as President of the Monongalia County Board of Canvassers declared the results of the recount between Eugene Sellaro and Thomas Newbraugh. The record shows that Thomas Newbraugh received Six Thousand and Fifty-Five votes to Five Thousand Nine Hundred Ninety-One votes for Eugene Sellaro--a difference of sixty-four votes; thereby, he therefore declared Thomas Newbraugh the winner.

The Monongalia County Commission, acting as a Board of Canvassers, having completed the canvass of ballots cast in the June 3, 1980 Primary Election and the recount of votes cast in the democrat race for Prosecuting Attorney in the June 3, 1980 Primary Election and having determined which challenged ballots were to be counted and ordered same to be added to the official tabulation and having sealed the examined ballots voted in a new envelope, certified the results of the June 3, 1980 Primary Election and having declared the results of said election, caused to be prepared a table of said results of said election, including all challenged ballots allowed, which table is ordered to be recorded in the Election Record of Monongalia County. The Board does hereby certify that on the Official Ballot for the Democrat Party for the:
